

Christmas Countdown Craft

Paper Christmas trees

You will need

3 pieces of paper or one big piece of paper. Wrapping paper works really well.

Scissors

Glue

Pen or pencil

Needle and thread or a pipe cleaner

Things to decorate your tree with.

Find 3 circular things in your house. Gill used a cup, a saucer and a plate.

Instructions

Draw round the 3 items and cut them out.

Fold your circle in half and then fold it in half again.

Open the circle and cut one quarter of the circle out.

Decorate your paper with pens, stickers, glitter or whatever you can find!

Put some glue down one edge of your circle and then bend your circle round into a cone shape.

Repeat this with the other circles of different sizes.

Now make some 'snips' with scissors round the bottom of your cones and then fold the fringe of the cone using scissors or a pen or a paint brush.

Then you need to fix the 3 cones together. You can use a needle and thread. Make a knot at the bottom and then thread the cotton up through the middle of the cone and make another knot and repeat this or you can use a pipe cleaner and just thread it through the cones.

We hope you have lots of fun doing these!

Please remember to send us pictures of your creations!!!
